OB/GYN Hospitalist Fellowship, Advent Health Tampa – Tampa, Florida

Develop the skills to lead. Deliver exceptional care. Help women feel whole. AdventHealth Tampa is launching its new OB/GYN Hospitalist Fellowship Program in 2027, offering advanced training for physicians passionate about maternal care, clinical excellence, quality improvement and leadership in women's services.

Train at a facility with an established OB/GYN residency program and approximately 2,750 deliveries annually.

Program highlights, include:

- 10 labor and delivery rooms, expanding to 15
- 10 antenatal beds
- 4-bed obstetric emergency department (OBED)
- 20 postpartum beds
- 20-bed Women's Care Unit supporting gynecologic surgery and medical-surgical patients
- Collaborative multidisciplinary team environment
- Exposure to complex obstetric care and hospital-based practice
- Leadership, quality and patient safety training

As the flagship hospital for AdventHealth's West Florida Division, AdventHealth Tampa combines leading-edge clinical care with a mission-driven culture focused on whole-person healing. Fellows will gain valuable experience while working alongside dedicated physicians committed to advancing maternal and women's health throughout the Tampa Bay community.

Whether your goal is a career in OB/GYN hospital medicine or leadership in women's services, this fellowship will help prepare you for the next stage of your career.
